

AMELA Board Meeting
3/7/19

Meeting Time: 9:55pm – 10:16pm

Members Present:

Gavin Kremer
Clara Nguyen
Zach Kaufman

Eli Zupke had a planned absence

Goal for this meeting:

Begin working on front end forms for user creation/login, work on handling the creation/validation of users in back end

What was accomplished:

Gavin wrote a function for validating passwords and creating a user in the backend from a submitted form.

Zach played around with login authentication and made a function for accepting or rejecting user credentials.

Clara studied using React with Django and decided the front-end team will instead go with a pure javascript approach

Eli and Kendall had other commitments

Goals for next meeting:

Group will attend scheduled in person meeting

Meeting Adjourned
