      Zach Kaufman
      Kendall Haworth
      Eli Zupke

No previous goals

Group decided to work on the user page first since movie page should be relatively similar.

Eli and Clara elected to be front-end team

Gavin, Zach, and Kendall elected for back-end team

Front end team assigned to create user login form and user creation form

Back end team assigned to handle user validation and database creation

Briefly discussed password policy

Team scheduled in person meeting for Friday at 5pm to get on same page for overall project structure.

Goals for next meeting:
      Eli and Clara will work on initial theme of login page and create the form
      Gavin, Zach, and Kendall will begin on user validation
