AMELA Board Meeting
3/9/19

Meeting Time: 9:39pm – 10:03pm

Members Present:
      Gavin Kremer
      Clara Nguyen
      Kendall Haworth

Zach and Eli had pre-excused absences

Goal for this meeting:
      Complete user creation and authentication

What was accomplished:
      Clara created the user creation form and made a very aesthetically pleasing theme.

      Gavin made said form functional with middleware functions and database creation,
      allowing for a fully functional creation page

      Kendall read through Django documentation to familiarize himself with the architecture

      Zach continued to work on authentication

      Eli had other commitments

Goals for next meeting:
      Teams will finish up login page, then begin on media page if time allows.
      Front-end tweaks for error messages and form validation

Meeting Adjourned
